

WELCOME TO RP DENTAL S.A.

OUR HISTORY

We are a company which was created on March 6 of 2000. Our main purpose is the import, distribution and marketing of medical-surgical and dental services.

It was the first company providing the service of surgical nurse, giving them an appropriate induction on the equipments handling.

Account a large number of Employees, who are responsible for taking orders from suppliers to the care of each professional in the surgeries.

During the first year, we managed only two lines; the maxillofacial line - Mondeal and the dental implants line-Biolok. Within the maxillofacial field, we have had the 1.2 Micro System, 1.7 Mini System, 2.3 System for jaw fractures, 2.7 mandibular reconstruction system and the Lomas system among the others.

Today we have more sellers, better products and services, more dealers located strategically in Bogotá, Cali, Barranquilla, Bucaramanga, Cartagena, Cucuta, Pasto, Pereira, Manizales, mainly.

Our service has always been 24 hours.
